

## **ADVERTISEMENT BODY:**

- **Make a significant contribution to student education at the Sydney Dental School as a Clinical Educator/ Coordinator**
- **Located between Sydney Dental School sites at Westmead, Surry Hills and Nepean**
- **Full-time, 3-year fixed term with a base salary of \$133K p.a., plus leave loading and a generous employer's contribution to superannuation**

### **About the opportunity**

This is a newly created, full-time opportunity to work the dental school academic and clinical educator staff aiming to support students through the Doctor of Dental Medicine (DMD) program.

As the **Clinical Educator/ Coordinator (Education Focused)** you will make a significant contribution to the education of students at the Sydney Dental School in particular, the DMD program. Using your clinical expertise, you will support the coordination and development of curricula within clinical and health service settings.

This role will assist by leading others towards success in clinical teaching through activities including peer observation and mentoring as well as developing innovative approaches to clinical education in dentistry. These activities will span from simulation clinic up to final competency assessment in clinical settings.

As the **Clinical Educator/ Coordinator**, you will interact with researchers and clinicians from multiple backgrounds as well as various stakeholders from multi-disciplinary backgrounds. You will ensure appropriate academic work force deployment across the different clinical placement sites used by the Sydney Dental School.

### **About you**

The University values courage and creativity; openness and engagement; inclusion and diversity; and respect and integrity. As such, we see the importance of recruiting talent aligned to these values and are looking for a **Clinical Educator/Coordinator (Education Focused)** who has:

- BDS/DMD or equivalent primary qualification
- registration as a dental practitioner with general registration (essential)
- fellowship of a professional college (by examination or assessment – not invitation or fee-paying), or Specialist registration in Australia
- Significant and current clinical dental experience
- Been acknowledged as influential in applying clinical expertise to innovate pedagogy and education
- demonstrated excellence in clinical or scholarly activities relevant to educational design and practice
- deep and broad experience in effective clinical teaching and learning, as evidenced by high-quality student outcomes.
- PhD (desired)

### **About us**

The Sydney Dental School is based around integrated research, teaching and clinical practice. Our premium educational offering is underpinned by our connections to [Sydney Dental Hospital](#), [Nepean Hospital](#) and the [Westmead Centre for Oral Health](#), but also with other local health districts' dental hospitals in remote, regional and rural NSW.

We're consistently ranked as one of Australia's top dental schools, where our students benefit from the opportunity to gain clinical experience in functioning dental hospitals, learn from diverse real world oral health issues, interact with dental and medical professionals, and develop an understanding of current healthcare issues.

Our simulation clinics based at Sydney Dental Hospital and the Westmead Centre for Oral Health also help students develop their confidence and skills to perform new procedures in a safe environment.

Since our inception 160 years ago, the University of Sydney has led to improve the world around us. We believe in education for all and that effective leadership makes lives better. These same values are reflected in our approach to diversity and inclusion and underpin our long-term strategy for growth. We're Australia's first university and have an outstanding global reputation for academic and research excellence. Across our campuses, we employ over 8,100 academic and non-academic staff who support over 73,000 students.

We are undergoing significant transformative change which brings opportunity for innovation, progressive thinking, breaking with convention, challenging the status quo, and improving the world around us.
